Special version

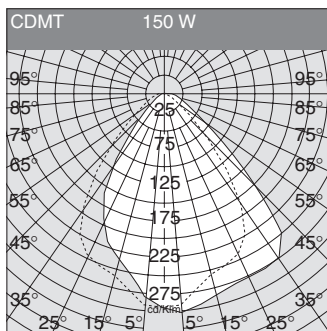

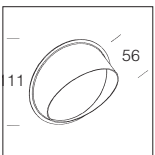

Optical accessories

Conveyor

5477

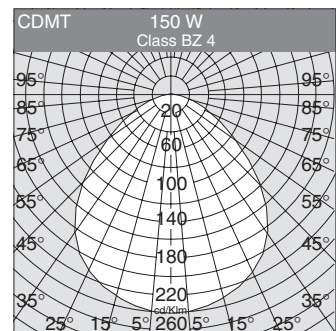

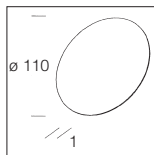

To convey the light beam in one direction.

Matt glass

5489

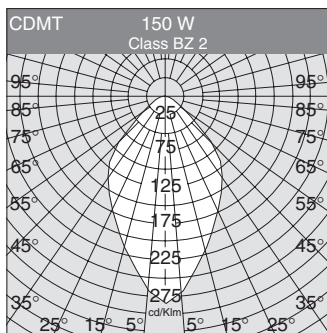

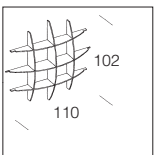

Anti-glare wide-beam matt glass.

Baffle louvre

5478

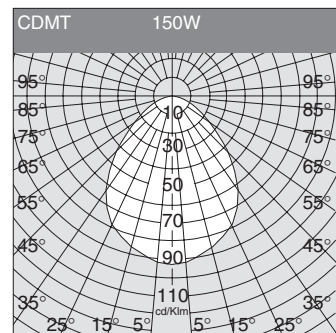

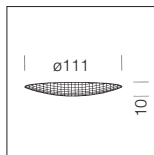

In steel. It limits glare and allows the light beam to be directed.

Mesh to dissipate heat

5493

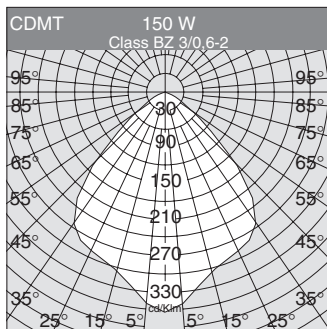

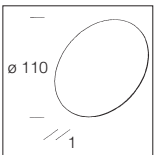

According to regulations, the use of a mesh, at a distance of 0.80 metres, produces a temperature decrease of 20°C.

Coloured filter

- red 5480
- yellow 5481
- blue 5482

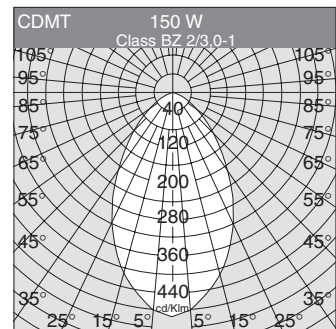

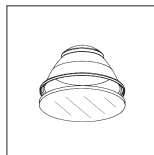

Coloured glass with dichroic treatment. Designed to create evocative light effects.

Medium reflector

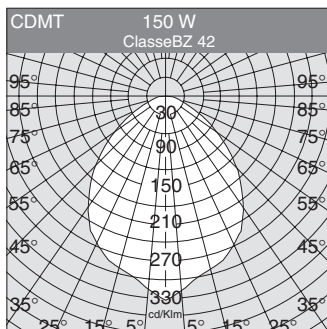

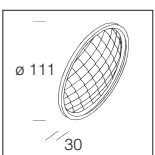

5487

Medium optics. Equipped with clear glass. Replaces standard optic if required.

Printed glass

5486

Narrow-beam reflector

5488

Narrow-beam optics. Equipped with clear glass. Replaces standard optic if required.
